### **Peak Rock Continues to be Active in the Secondary Loan Market**

Austin, Texas, April 1, 2019 – An affiliate of Peak Rock Capital (“Peak Rock”), a leading middle-market private investment firm, announced today that in the first quarter its credit investment platform closed on the acquisition of five commercial real estate loans. These investments cover a diverse set of property types including hotel, office and multifamily properties, and highlight the ability of Peak Rock’s credit platform to provide flexible capital solutions across multiple asset classes.

Thomas Moran, Managing Director of Peak Rock, said, “These recent additions to our credit portfolio are a testament to our quick, transparent closing process. They also demonstrate the flexibility and breadth of our real estate investment mandate. We can invest broadly throughout the capital structure and across property types, including multifamily, office, industrial, retail, hotel and special use properties.”

Peak Rock’s non-control credit fund focuses on providing bespoke primary financings and making investments in secondary loans, typically acquiring corporate debt and commercial real estate loans from banks, insurance companies and other lending institutions. The firm has completed more than a dozen secondary loan purchases in the last year.

Anthony DiSimone, Chief Executive Officer of Peak Rock, added, “These most recent loan purchases are a great example of our credit team’s ability to move quickly in complex situations.
